**The following are limitations or requirements for timber operations conducted under a Notice of Emergency Timber Operations (Notice, Notice of Emergency, or Emergency Notice) for Fuel Hazard Reduction:**

1. This notice must be submitted to and received by the California Department of Forestry and Fire Protection (CDF) at one of the offices listed below. Timber operations may not commence for 15 working days after receipt by CDF unless waiting period is waived by the Director of CDF (\* Notice of Acceptance from CDF will constitute a waiver of the 15 day period.).
2. 14 CCR §§ 895.1 and 1052.1 define and list emergency conditions. Citing or paraphrasing of these sections does not satisfy the requirements of § 1052.2 or 1052.4. The Registered Professional Forester (RPF) preparing the notice must accomplish the following to substantiate the emergency. Describe the nature of the emergency, and the need for immediate cutting in sufficient detail so the reason for the emergency is clear.
3. Timber operations conducted under this notice must meet minimum stocking standards at the completion of operations. The timber operations shall also comply with all operational provisions of the Forest Practice Act and District Forest Practice Rules applicable to "Timber Harvesting Plan", "THP", and "plan". The requirements to submit a completion and stocking report apply. 14 CCR § 1052 describes how exceptions to the rules for non-financial emergencies can be addressed. The conditions specified in 14 CCR §§ 1038 (b)(1) - (10) must be met.
4. The RPF preparing the emergency notice must sign the declaration of emergency and the timber owner must sign the declaration of intent to pay the Timber Yield Tax (PRC § 4592).
5. This Notice of Emergency is valid through June 24, 2005 (? or for 120 days if extended by the Board of Forestry and Fire Protection). If timber operations are to extend beyond that period, such operations must be described in an approved Timber Harvesting Plan. If there is any doubt that a timber operation will not be completed by that date, a THP should be submitted to CDF as soon as possible. There is an exception for slash burning in accordance with 14 CCR § 1052(e).
6. A Licensed Timber Operator must be designated upon submission of this notice.
7. The RPF shall include a Confidential Archaeological Letter with the Emergency Notice submitted to the Director. The Confidential Archaeological Letter shall include all information required by 14 CCR §929.1 [949.1, 969.1](c)(2), (7), (8), (9), (10) and (11), including site records, if required pursuant to 14 CCR §929.1 [949.1, 969.1](g) and 929.5. The discovery of human remains requires immediate notification to appropriate agencies. Forest Practice Rule §§ 929.3 (949.3,969.3) requires notification to CDF. The area must not be further disturbed, and any area reasonably suspected to overlie adjacent human remains, until an evaluation is completed by the County Coroner pursuant to Health and Safety Code § 7050.5. If the human remains are determined to be Native American, the Native American Heritage Commission must also be notified pursuant to Public Resources Code § 5097.98.

**The following suggestions may help ensure your compliance with the Forest Practice Rules:**
